What are your five Powerhouse Outcomes?

Period

To help you deliver on your compelling causes, develop five Powerhouse Outcomes. This simple quarterly outcomes sheet will help you keep them at the front of your mind. On this Five Powerhouse Outcomes sheet, make a note of the three-month period that these outcomes cover.

Step 1: A clear outcome

Give each outcome a title and a short description of what you want to achieve in the three months. This may be a whole outcome, or a step on the way to a larger outcome, so note that down too.

Step 2: Allocate time to your outcomes

Estimate the amount of time each outcome will need. Allocate between 50 and 60 days across your five Powerhouse outcomes.

Step 3: Plan each outcome in detail

Now you need to take each of your five Powerhouse outcomes and put some detailed planning in. For this, you'll need an Outcome Specification Sheet.
